

## SHERMAN'S GOOD NAME UNTARNISHED

Indian Contracts Investigating Committee Says Was No Warrant for Using It.

### SENATOR GORE'S STATEMENT

Only Mentioned Vice President's Name When Committee Insisted on Knowing What Hamon Said.

Salina, Okla., Aug. 20.—The select committee appointed by the house of representatives to investigate Indian land affairs and the so-called McMurray contracts and which also has been investigating the Gore bribery charges tonight issued the following statement: "The committee has heard and carefully considered all of the testimony submitted and is unanimous in the opinion that there is and was no warrant for any person to use the name of Vice President Sherman and Senator Charles Curtis in connection with any improper relation with any Indian contract whatever."

This is the opinion of the committee after hearing scores of witnesses who appeared following the testimony of Senator J. P. Gore. Senator Gore declared that he had been approached by John L. Hamon and that Hamon, acting in the interest of J. F. McMurray, had offered him (Senator Gore) \$25,000 or \$30,000 as a bribe to promote in congress the contracts by which McMurray was to receive 10 per cent attorney's fees on the sale of \$30,000,000 worth of Indian lands.

The senator testified Hamon mentioned Senator Curtis and Vice President Sherman as being "interested" in the deal. Mr. Sherman being named as the "man higher up." Hamon, on the stand, denied he had ever said anything about the contracts to Gore.

The committee's report was signed by representatives Charles Burke, South Dakota; C. B. Miller, Minnesota; E. W. Saunders, Virginia; J. H. Stephens, Texas; and Philip H. Campbell, Kansas.

In giving its decision today the committee announced it had received from Senator Gore a statement relative to the investigation. Neither the name of Vice President Sherman, nor Senator Curtis was mentioned by him on the floor of the United States senate. That the name of either of these parties was alluded to by Mr. Hamon was steadfastly withheld from the public until this investigation began.

No public mention of their names was ever made either directly or indirectly by me until I was required and urged to do so testifying as a witness under oath and detailing the conversation which occurred between Mr. Hamon and myself. I then made formal

## AFTER DOCTORS FAILED

Lydia E. Pinkham's Vegetable Compound Cured Her

Knoxville, Iowa.—"I suffered with pains low down in my right side for a year or more and was so weak and nervous that I could not do my work. I wrote to Mrs. Pinkham and took Lydia E. Pinkham's Vegetable Compound and Liver Pills, and am glad to say that my medicines and kind letters of directions have done more for me than anything else and I had the best physicians here. I can do my work and rest well at night. I believe there is nothing like the Pinkham remedies."

Mrs. CLARA FRANKS, R. F. D., No. 3 Knoxville, Iowa.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration.

For thirty years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills, and suffering women owe it to themselves to at least give this medicine a trial. Proof is abundant that it has cured thousands of others, and why should it not cure you?

If you want special advice write Mrs. Pinkham, Lynn, Mass., for it. It is free and always helpful.

protest against introducing their names but the committee in the proper pursuit of its duties required me to make a full answer without reservation.

"Their names were disclosed not with any view of incriminating them, nor with any view of suggesting guilt, but merely in order that the truth and the whole truth, might be related with reference to the details of the conversation in question. The public must realize that the name of any man could be used or misused in the same connection either as an argument or otherwise, and no public official can have immunity and protection against such an injury and injustice."

"In my last remarks in the senate I said that 'the integrity of no man can be impeached upon the testimony of an interested or untrustworthy witness' that was my conviction then. That is my conviction now. I am sure that in the court of public opinion, no judgment, or verdict has been returned either against the vice president or Senator Curtis on account of the misuse of their names."

"The investigation is now practically concluded. Many witnesses have been examined, a volume of evidence has been adduced and there is no testimony tending to establish any improper connection on the part of either official with the approval of the so-called McMurray contracts. While the public has had no reason to suspect any such improper connection, yet I would venture to suggest, and if I may be pardoned, would request, that the com-

### KILLED HIS BROTHER IN SELF-DEFENSE

Martinez, Cal., Aug. 21.—Endeavoring to protect himself and others in the house from death or serious injury, Espinosa Billece, an Italian shepherd, shot and killed his brother Joseph Billece late last night, when the latter ran amuck with a knife and a revolver among a number of friends in the home of Mrs. Margaret Bruno at Crockett.

Many shots were fired at each other by the two brothers and during the fusillade Rosie Billece, the 19-year-old niece of the combatants, was struck in the forehead by a bullet and instantly killed.

Joseph Billece, who had been drinking, became quarrelsome and when his brother remonstrated with him he drew a knife. In the struggle Espinosa and Mrs. Bruno were badly cut. Joseph drew a revolver and began firing. Espinosa returned the fire and Joseph fell, instantly killed. A stray shot fired by Espinosa struck the little girl. Both Espinosa and Mrs. Bruno may die from their wounds.

In buying a cough medicine, don't be afraid to get Chamberlain's Cough Remedy. There is no danger from it, and relief is sure to follow. Especially recommended for coughs, colds and whooping cough. Sold by all dealers.

### BOY THINKS HE HAS CALL TO EVANGELIZE INDIANS

Chicago, Aug. 22.—Members of the Paulist order attached to St. Mary's Catholic church have been detailed temporarily as detectives in a city-wide search for a boy missing from his residence in Dorchester, Mass., who is believed to be in Chicago. The Rev. Peter L. Oregon, attached to St. Mary's church, was recently interested in the case of Joseph E. Hubbard, 15 years old, the missing boy, and through his good offices the cadets were put on their novel search.

The boy thought he had received a special call to evangelize the American Indians, a mission he regarded as seriously he ran away from home and family.

Father Oregon said a special search was being made among churches and wild-west shows, where there were known to be Indians.

### THE LONGWORTHS IN AUTOMOBILE COLLISION

Newport, R. I., Aug. 22.—It has just become known that Duke Franz Josef of Bavaria, and Congressman and Mrs. Nicholas Longworth, who have been guests at the home of Mrs. Robert Golet, with their hostess had a narrow escape in an automobile accident Saturday.

The party were on their way in the Golet machine to make a call on the Vincent Astor, son of John Jacob Astor, in his machine, collided with them. Astor came around a corner unexpectedly. The Golet car was badly damaged but no one was hurt.

## KOREA BECOMES EMPIRE OF PAST

Within a Week "the Hermit Kingdom" Will Simply be an Historical Term.

### WILL BE ABSORBED BY JAPAN

Negotiations Are Shrouded in Absolute Official Silence—No Disturbances Anticipated.

Tokyo, Aug. 21.—Within the week "the Hermit kingdom" and the empire of Korea will become historical terms, 12 millions of people will be added to the population of Japan, and territory as large as England will become part of the Japanese empire. The treaty of Portsmouth, which settled the war between Japan and Russia, provides that Japan shall have the "guidance, protection and control" of Korea, and the last stage of this agreement is now becoming an actuality after three years of experimenting to discover a practical method for conservation of the national entity of the Korean peninsula.

The privy council of Japan today was summoned to meet at 10:30 o'clock tomorrow, and this is regarded by well-informed persons as practically the signal to complete the negotiations between Lieut. Gen. Terauchi, the Japanese resident general in Korea, and the emperor of Korea and his cabinet.

While the negotiations are shrouded in absolute official silence, there no longer can be any doubt that the Korean emperor has agreed to sign a convention by which the view of the untenable conditions obtaining, he and his government and people consent to the absolute control of Korea by the emperor and government of Japan.

Tonight extra editions of the newspapers say the convention already has been signed, but whether or not this be so, some announcement is expected shortly after the meeting of the privy council. This probably will include the official proclamation of the conclusion of the convention of annexation, unless all the prognostications of well-informed persons as to the result of the negotiations are proved correct.

The Yi dynasty in Korea has lasted for 518 years. Seven branches of the family remain, and the heads of these will be given rank as princes. A number of other officials will be elevated to the Japanese nobility.

Throughout the negotiations the mass of the Koreans have been kept in entire ignorance of what has been transpiring by newspaper censorship is complete, and Japanese newspapers have not been permitted to be sold in Korea.

It is not believed, however, that annexation by Japan will involve disturbances in any section of Korea, which is thoroughly pacified. Certainly the court and cabinet officials in the peninsula are quite completely aware of the conditions in their country and will be improved, and it will be impossible for the malcontents to arouse sufficient feeling to create an uprising.

### NEW FACTS ON PROCESS OF DIGESTION

Munch, Aug. 22.—Dr. E. Kastlase, Dr. H. Rider and Engineer J. Rosenthal are experimenting with cinematograph X-ray photographs of the internal organs of the human body. They have given to the press the name biocinetography. Their observations of the movement of the stomach during digestion, they say, have shown the correctness of the assumption of physiologists that there are rhythmic contractions dividing the stomach into two parts.

"If you would be wealthy, think more of saving than of getting"

—Benjamin Franklin

In other words it isn't the money you make that counts, but the money you keep. Whether or not you keep the difference between your income and your legitimate expenses, depends upon the method you employ. If you try to save money by keeping it in your pocket, you are pretty certain to fail.

The only rational method of conducting your personal affairs is to adopt the plan of successful business houses. Put your money in the bank and pay your bills by check. The check stubs will help you audit your accounts and possibly prevent re-payment of a bill already paid. Besides saving the money in a bank, you are reluctant to withdraw it and so frequently avoid an unnecessary expense.

A bank account is the first aid to the man who would be independent. We invite the accounts of persons who desire the benefits of association with a strong bank. Their beginning may be small, but given thrift and persistence they will end with a competency.

### The National Copper Bank
